

# SINGLE-SWING HYDRAULIC SYSTEM

## INNOVATIVE, PRECISE, EFFORTLESS

### GAURANTEED SATISFACTION

The Single-Swing is the premier, hydraulically-operated, single-piece system in the market today. With simple, controlled elegance, the Single-Swing System eliminates the interior boundary you *thought* was confining you and replaces it with pure, unadulterated nature.

### REACHING YOUR FULL HEIGHT

The Single-Swing System opens fully to 90 degrees, providing almost the entire rough opening height as clear, unfiltered view.

### SIMPLICITY

The incorporated mounting frame allows for the easiest install in the market. Operation is hassle-free and maintenance is minimized.

### FINISH

Though glass is most common, the Single-Swing System may be clad with virtually any material allowing the customer to best match their surrounding environment
